The following competencies have been identified as those that best separate superior from satisfactory job performance in the class of INFORMATION SERVICES SPECIALIST. (Numbers refers to the order of competencies in the Competency Bank.)

4. Analytical Ability
5. Learning Ability
6. Attention to Detail
20. Job Knowledge
29. Fact Finding
34. Customer Service
35. Teamwork
44. Follow Written Directions

On the following pages are descriptions of each competency, including a definition, the level of the competency required for the class (italicized, bolded, and underlined), examples of behavioral indicators, and satisfactory and superior performance levels.
4. **ANALYTICAL ABILITY** – Identifies, obtains, and evaluates relevant information to establish relationships or patterns, cite causes, and reach logical conclusions.

**Level of Competency Required by Job:**

**Level 1:** *Recognize similarities/differences in current situation to those previously encountered and is guided accordingly. Apply existing policies correctly. Ask pertinent questions or otherwise seek additional information to formulate appropriate response*

**Level 2:** Consider multiple, varied factors when evaluating a situation or issue. Seek additional information to provide further insight. Reach conclusions that logically follow from the information obtained.

**Level 3:** Consider a multitude of diverse factors, their interrelationships, the perspectives of others, alternative courses of action and their likely ramifications when evaluating information to reach a conclusion.

**Examples of Behavioral Indicators:**

- Obtains the necessary amount of relevant information.
- Recognizes the impact of each type of information on conclusions.
- Evaluates the quality/source of information when considering it.
- States the shortcomings of the information and, therefore, the analysis.

**Performance Levels:**

<table>
<thead>
<tr>
<th>Satisfactory</th>
<th>Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td>Recognizes available relevant information, seeks additional information to consider, and reaches a conclusion. Provides sound, convincing justification for conclusions, citing relevant data and facts.</td>
<td>Uses a great deal of existing and obtained information and data to develop and evaluate alternatives and arrive at a final conclusion. Provides compelling arguments in support of conclusions.</td>
</tr>
</tbody>
</table>
5. **LEARNING ABILITY** – Readily acquires and applies new information.

**Level of Competency Required by Job:**

- **Level 1:** Learn job-related information, rules, and procedures, and apply them correctly.

- **Level 2:** *Learn and apply extensive job-related information correctly. Make reasonable inferences when specific information needed in a given instance was not presented.*

- **Level 3:** Access new job-related information via print or electronic media, in educational/training programs, and/or by speaking with others, and apply it correctly to the job.

**Examples of Behavioral Indicators:**

- Recalls information presented in educational/training programs.
- Recognizes how to apply newly acquired information to the job.
- Applies new information to the job in a way that increases productivity.
- Applies “lessons learned” from prior work experiences to current work.
- Answers questions/coaches others who received the same instruction.

**Performance Levels:**

- **Satisfactory**
  - Learns new information and applies it appropriately to situations/issues.

- **Superior**
  - Readily acquires new information, makes appropriate inferences based on it, and integrates it with prior learning and experience to maximize its use in a variety of situations or with respect to a variety of issues.
6. ATTENTION TO DETAIL – Extremely careful in addressing all aspects of each work assignment in order to produce “completed staff work” and/or avoid any negative outcomes.

Level of Competency Required by Job:

Level 1:  
*Ensure all aspects of work assignment are completed as directed.*

Level 2:  
Verify that each aspect of work assignment is properly completed; make logical inference regarding additional activities that may need to be performed to produce “completed staff work.”

Level 3:  
Include evaluation of final work/work product in its accomplishment; make adjustments as possible to improve.

Examples of Behavioral Indicators:

- Carefully checks all aspects of work for completion and accuracy before submitting.
- Identifies errors (for example, typo’s, computations, measurements, application of laws/rules/policies) and corrects them prior to submitting.
- Cross-checks work against available resources.
- Sets up a means of checks and balances to ensure work accuracy.
- Considers changes in final work product to ensure usability by recipient.
- Completes all revisions upon request.

Performance Levels:

<table>
<thead>
<tr>
<th>Satisfactory</th>
<th>Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ensures that each task accomplished represents “completed staff work.” No remaining details/inconsistencies for others to address.</td>
<td>All aspects of each task completed are verified to be correct. Identifies any foreseeable consequences of work that may need to be addressed and does so.</td>
</tr>
</tbody>
</table>
20. JOB KNOWLEDGE – Knows information required to perform a specific job. Includes both widely available courses of study (for example, chemistry, human resources management, graphic arts) and City-specific information (parking regulation and ticketing practices; purchasing procedures; provisions of the City Charter).

Level of Competency Required by Job:

Level 1: **Knowledge is concrete, factual, and/or procedural and may be defined by the organization. Situations in which it is applied are quite consistent.**

Level 2: Knowledge is substantive and may be defined by an external trade, field, or profession. Situations in which it is applied vary and, as such, require breadth and depth of understanding.

Level 3: Knowledge is abstract, conceptual, and/or complex and may be supported by a well-defined academic discipline or authoritative sources (e.g., laws, ordinances, government guidelines/regulations/codes). Situations in which it is applied may vary greatly or be novel.

Examples of Behavioral Indicators:

- Performs work correctly/avoids technical (job content related) errors.
- Answers technical questions about work accurately.
- Asks few technical questions about the performance of routine work activities.
- Offers advice ("coaching") to new employees regarding their work.
- Develops training programs for other employees.
- Sought out as a source of information by others.

Performance Levels:

<table>
<thead>
<tr>
<th>Satisfactory</th>
<th>Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sufficient job knowledge to perform work correctly independently. Answers technical questions about work correctly.</td>
<td>Expertise in technical job information sufficient to serve as a resource to others. May develop training manuals/ programs and/or give internal and/or external presentations related to work.</td>
</tr>
</tbody>
</table>
Job Knowledge Areas

1. Knowledge of operating system capabilities and limitations of computer hardware, software, operating systems, and systems control software supported by a data center including random access memory, system performance, and utilization sufficient to diagnose and provide a resolution to an operating problem.

2. Knowledge of computer hardware and software procedures used by operations personnel such as data backup, log monitoring, and virus scanning sufficient to perform tests, modify procedures and tests if necessary, and create corresponding documentation.

3. Knowledge of computers and their components such as central processing units [CPU], memory, and storage devices sufficient to operate and repair the equipment.

4. Knowledge of the capabilities, uses, characteristics, and limitations of servers, peripheral equipment, and operating software systems including virtual, physical, mice, monitors, printers, ZOS, Linux/UNIX, Windows Server, and Windows Desktop sufficient to diagnose and troubleshoot a variety of issues.

5. Knowledge of information and management information systems, cyber security related software, application security software, network security, identity management and control software, and malware and virus software sufficient to identify and mitigate cyber security risks.

6. Knowledge of networks and network technologies such as Local Area Networks (LANs), Wide Area Networks (WANs), network protocols, and Open Systems Interconnection (OSI) model sufficient to diagnose, troubleshoot, and repair network issues.

7. Knowledge of storage technologies such as Storage Area Network (SAN), Network Attached Storage (NAS), software defined storage, and distributed file systems sufficient to monitor and operate storage subsystems.

8. Knowledge of virtualization technologies such as VMWare, Hyper-V, Kernel-based Virtual Machine (KVM), and converged and hyperconverged systems sufficient to monitor and operate such technology.

9. Knowledge of cloud computing such as private cloud, public cloud, and hybrid cloud sufficient to perform solution comparison and determine the most efficient resources for workloads.

10. Knowledge of storage replication, backup, and disaster recovery procedures such as utilizing software management tools to recover server backups, and other business continuity concepts including Recovery Point Objective and Recovery Time Objective, and data protection technologies such as intrusion detection systems, intrusion protection systems, and erasure encoding sufficient to ensure maximum accessibility.
29. FACT FINDING – Obtains required information through questioning, review of existing materials, or securing new materials to answer a question or address a problem.

Level of Competency Required by Job:

Level 1: Look up information available in the workplace (including use of the internet) or by asking questions of co-workers or supervisor.

Level 2: *Interview individuals and/or obtain necessary information from files, the library, and/or the internet.*

Level 3: Conduct in-depth interviews/interrogations or depositions. Locate obscure reference material containing germane information by correctly identifying needed information, making logical inferences regarding where it might be available, and discerning from newly acquired information relevant additional materials.

Examples of Behavioral Indicators:

- Asks a series of insightful questions in a logical order.
- Correctly identifies persons most likely to have the needed information.
- Listens carefully to responses from others to discern all relevant information stated.
- Makes logical assumptions about where certain types of information might be found; or asks others who are likely to know.
- Persists in locating relevant information until a sufficient amount is available to permit answering question or addressing the problem fully.

Performance Levels:

**Satisfactory**

Obtains necessary information through scrutiny of existing files and other resources, correctly identifying and obtaining other sources of information, and/or asking questions.

**Superior**

Exhibits great insight in identifying who would have certain information, or in what materials it might be located. Carefully crafts questions to extract needed information. Persists until sufficient information is gathered to formulate a logical conclusion.
34. CUSTOMER SERVICE – Interacts with recipients of services (internal or external customers) in a way that provides accurate, timely, and effective information and service.

Level of Competency Required by Job:

Level 1: **Interact with customers in person, over the telephone, or through email (and/or other electronic media) in order to provide information or assistance. Listen to customer concerns; explain/reconcile information and provide alternatives if possible; facilitate resolution by making referral and/or following-up as necessary.**

Level 2: Promotes positive customer service. Serves as a model of providing exemplary customer service.

Level 3: Develop customer-oriented procedures; identifies changes in procedures to enhance customer service and ensures they are implemented.

Examples of Behavioral Indicators:

- Carefully listens to (or reads) customer statement of the issue.
- Provides direct, informative, accurate responses to customer.
- Suggests options if available.
- Maintains a positive attitude in the face of customer complaint or frustration.
- Remains focused on the issue presented by the customer and directs the customer back to the issue if necessary.
- Asks the customer if their concerns have been fully addressed.
- Ensures organizational policies and practices are customer-focused.
- Ensures all employees recognize their responsibility for customer service and are properly trained for it.

Performance Levels:

<table>
<thead>
<tr>
<th>Satisfactory</th>
<th>Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td>Displays knowledge as well as courtesy and patience when interacting with customers. Ensures customers’ issue is correctly identified and remains focused on it until it is resolved.</td>
<td>Seeks further information or advice to resolve difficult issues. Solicits feedback on the effectiveness of service. Makes suggestions for improving service and facilitates changes needed to implement.</td>
</tr>
</tbody>
</table>
35. TEAMWORK – Interacts effectively with others to achieve mutual objectives; readily offers assistance to others to facilitate their goal accomplishment.

Level of Competency Required by Job:

Level 1:  **Work effectively as a member of a work unit or project team. Readily offer assistance to others when they have too much work or have too little.**

Level 2:  Work effectively as a team member in which different people have different roles/responsibilities and perspectives. Identify points for collaboration with co-workers; readily offer and request assistance.

Level 3:  Work effectively as a part of an interdependent team (your work gets done only if the work of the whole team is done; evaluation of team performance is more relevant than individual performance).

Examples of Behavioral Indicators:

- Discusses work-related matters with co-workers.
- Offers and requests assistance readily.
- Offers and is receptive to suggestions.
- Identifies problems with workflow that will prevent team from accomplishing its goals.
- Provides constructive criticism and feedback to team members to improve overall functioning of team.
- Assigns credit to team for accomplishments.

Performance Levels:

**Satisfactory**

Cooperates with co-workers and fulfills responsibilities as a member of a project team. Maintains a focus on common objectives and offers and requests assistance readily.

**Superior**

Sees the team as a whole; acknowledges that performance of the team is what in reality is evaluated by others. If anyone fails, everyone on the team fails.
44. FOLLOW WRITTEN DIRECTIONS – Performs work accurately as directed in writing.

Level of Competency Required by Job:

Level 1: Perform tasks assigned in writing.

Level 2: Perform work after reading instructional manual.

Level 3: Perform work after completion of training modules or programs presented in writing.

Examples of Behavioral Indicators:

- Correctly completes work assigned in writing.
- Answers questions and/or explains work to others who received the same instructions.
- Learns and applies information presented in writing (instruction manual; training program).
- Correctly infers details of work to be performed that were unclear or omitted as presented in writing.

Performance Levels:

**Satisfactory**
Correctly performs work assigned or for which training was provided in writing.

**Superior**
Understands instructions and training materials presented in writing to the extent that is able to answer questions or explain to others. Correctly infers unclear or omitted details as presented in writing.
