**Distinguishing Features:** As a P.O.S.T. (Peace Officer Standards and Training) Certified individual with previous law enforcement training and experience prior to hire or a L.A.P.D. Line Reserve Officer with Certified Designated Level 1 status, a Police Specialist will receive a condensed version of the classroom and physical training provided at the Police Academy for Police Officer recruits. A Police Specialist will be assigned to work with a training officer in the field as soon as the Police Academy staff determines the officer's readiness. A Police Specialist will spend eighteen months on probation in the class of Police Specialist before receiving a Charter Section 108 transfer to the class of Police Officer.

Work may be performed under hazardous conditions and decisions affecting life and property are often made under stress. The duties of a Police Specialist involve considerable public contact and an employee of this class must be able to deal effectively with citizens and other police employees.

The class of Police Specialist is distinguished from the class of Police Officer in that an entry-level Police Officer does not possess a P.O.S.T.
