# COMPETENCY MODEL FOR EQUIPMENT SPECIALIST (3734)

The following competencies have been identified as those that best separate superior from satisfactory job performance in the class of **EQUIPMENT SPECIALIST.** (Numbers refers to the order of the competencies in the Competency Bank.)

- 2. Mathematics
- 4. Analytical Ability
- 6. Attention to Detail
- 8. Safety Focus
- 20. Job Knowledge
- 33. Interpersonal Skills
- 47. Written Communication
- 48. Shares Knowledge and Information

On the following pages are descriptions of each competency, including a definition, the level of the competency required for the class (italicized, bolded, and underlined), examples of behavioral indicators, and satisfactory and superior performance levels.

**2. MATHEMATICS** – Performs arithmetic or higher-level mathematical computations accurately.

# Level of Competency Required by Job:

Level 1: Perform arithmetic computations (add, subtract, multiply, divide, ratios, percentages).

Level 2: Use algebra (substitute numbers for letters in a formula), geometry (angles, distances, area), and/or descriptive statistics (mean/median/mode, standard deviation, range).

Level 3: Apply and interpret calculus, inferential statistics (t-tests, correlations, ANOVA, multiple regression) or other very high level mathematics.

# **Examples of Behavioral Indicators:**

- Quickly and accurately performs arithmetic computations.
- Appropriately selects and applies formulas for stated purpose.
- Correctly identifies an appropriate analysis for a specific purpose and selects the appropriate computer program for computation.
- Accurately interprets and presents results of mathematical/statistical computations.

#### Performance Levels:

#### Satisfactory

Knows mathematical requirements of the job and performs them correctly. Verifies work to ensure accuracy.

# <u>Superior</u>

Identifies additional opportunities for the application of mathematics in work. Answers questions/trains others to assist them in their use of mathematics.

**4. ANALYTICAL ABILITY** – Identifies, obtains, and evaluates relevant information to establish relationships or patterns, cite causes, and reach logical conclusions.

# Level of Competency Required by Job:

Level 1: Recognize similarities/differences in current situation to those previously encountered and is guided accordingly. Apply existing policies correctly. Ask pertinent questions or otherwise seek additional information to formulate appropriate response.

Level 2: Consider multiple, varied factors when evaluating a situation or issue. Seek additional information to provide further insight.

Reach conclusions that logically follow from the information obtained.

Level 3: Consider a multitude of diverse factors, their interrelationships, the perspectives of others, alternative courses of action and their likely ramifications when evaluating information to reach a conclusion.

## **Examples of Behavioral Indicators:**

- Obtains the necessary amount of relevant information.
- Recognizes the impact of each type of information on conclusions.
- Evaluates the quality/source of information when considering it.
- States the shortcomings of the information and, therefore, the analysis.

#### Performance Levels:

# <u>Satisfactory</u> <u>Superior</u>

Recognizes available relevant information, seeks additional information to consider, and reaches conclusion. Provides sound. а convincing iustification for conclusions, citing relevant data and facts.

Uses a great deal of existing and obtained information and data to develop and evaluate alternatives and arrive at a final conclusion. Provides compelling arguments in support of conclusions.

**6. ATTENTION TO DETAIL** – Extremely careful in addressing all aspects of each work assignment in order to produce "completed staff work" and/or avoid any negative outcomes.

# Level of Competency Required by Job:

Level 1: Ensure all aspects of work assignment are completed as directed.

Level 2: Verify that each aspect of work assignment is properly completed; make logical inference regarding additional activities that may need

to be performed to produce "completed staff work."

<u>Level 3: Include evaluation of final work/work product in its</u> accomplishment; make adjustments as possible to improve.

#### **Examples of Behavioral Indicators:**

- Carefully checks all aspects of work for completion and accuracy before submitting.
- Identifies errors (for example, typo's, computations, measurements, application of laws/rules/policies) and corrects them prior to submitting.
- Cross-checks work against available resources.
- Sets up a means of checks and balances to ensure work accuracy.
- Considers changes in final work product to ensure usability by recipient.
- Completes all revisions upon request.

# Performance Levels:

#### Satisfactory

Ensures that each task accomplished represents "completed staff work." No remaining details/ inconsistencies for others to address.

#### Superior

All aspects of each task completed are verified to be correct. Identifies any foreseeable consequences of work that may need to be addressed and does so.

**8. SAFETY FOCUS** – Performs work in a way that minimizes risk of injury to self or others.

# <u>Level of Competency Required by Job</u>:

Level 1: Maintain awareness of unsafe conditions and actions to avoid injury.

Level 2: Follow safety rules/procedures; avoid known hazards in the work environment.

Level 3: Carefully follow safety rules and procedures and consistently use all necessary safety equipment.

# **Examples of Behavioral Indicators:**

- Wears seat belt.
- Ensures safe physical work environment by taking actions such as eliminating unstable stacks of materials, closing drawers so filing cabinets will not tip over, and keeping pathways clear of tripping hazards.
- Reviews safety procedures before beginning each job with known hazards.
- Follows safety procedures while performing work even when it takes more time.
- Uses safety equipment such as goggles, gloves, and earplugs as required or warranted.
- Frequently checks safety equipment for proper condition and operation.

#### Performance Levels:

#### <u>Satisfactory</u>

Maintains awareness of personal safety to avoid injury or property damage during all work activities.

# <u>Superior</u>

"Safety first." Places avoidance of injury or property damage above all other job requirements. Mentions the need to follow safe work practices to co-workers. Actively seeks ways to avoid injury.

# **Safety Focus Area**

1. Knowledge of Federal, State, and City rules, regulations, and practices related to the safe inspection, operation, construction, and maintenance of a wide variety equipment, including those issued by the California Highway Patrol, the Americans with Disabilities Act, the American National Standards Institute, and the California Occupational Safety and Health Administration (Cal-OSHA) sufficient to ensure the safety of oneself and others. 20. JOB KNOWLEDGE – Knows information required to perform a specific job. Includes both widely available courses of study (for example, chemistry, human resources management, and graphic arts) and City-specific information (parking regulation and ticketing practices; purchasing procedures; provisions of the City Charter).

# Level of Competency Required by Job:

Level 1: Knowledge is concrete, factual, and/or procedural and may be defined by the organization. Situations in which it is applied are quite consistent.

Level 2: Knowledge is substantive and may be defined by an external trade, field, or profession. Situations in which it is applied vary and, as such, require breadth and depth of understanding.

Level 3: Knowledge is abstract, conceptual, and/or complex and may be supported by a well-defined academic discipline or authoritative sources (e.g., laws, ordinances, government guidelines/regulations/codes). Situations in which it is applied may vary greatly or be novel.

#### **Examples of Behavioral Indicators:**

- Performs work correctly/avoids technical (job content related) errors.
- Answers technical questions about work accurately.
- Asks few technical questions about the performance of routine work activities.
- Offers advice ("coaching") to new employees regarding their work.
- Develops training programs for other employees.
- Sought out as a source of information by others.

#### Performance Levels:

# <u>Satisfactory</u>

Sufficient job knowledge to perform work correctly independently. Answers technical questions about work correctly.

#### <u>Superior</u>

Expertise in technical job information sufficient to serve as a resource to others. May develop training manuals/ programs and/or give internal and/or external presentations related to work.

# Job Knowledge Areas

- 1. Knowledge of the operating principles and functions of a variety of transportation, construction, fire, recreation, and park maintenance equipment, including their associated systems and components, such as gauges, meters, brakes and steering systems sufficient to draft, process, and complete equipment specifications, determine equipment functionality and suitability for use, assess if equipment meets specification requirements, recommend changes in equipment operation, repair methods, and maintenance schedules, devise effective and relevant equipment test procedures, maintain control over third party vendors, and ensure equipment is operating in a safe and efficient manner.
- Knowledge of the methods and techniques used to prepare and review vehicle and equipment descriptions, fabrication drawings, and schematics, including engineer drawings, scale drawings, and weight studies sufficient to assess equipment projects in the prebuild stage and identify and avoid delays in production caused by design flaws.
- Knowledge of the methods used to inspect and test various types of equipment components, such as gauges, meters, electric batteries, and automatic refueling systems sufficient to ensure that each piece of equipment is functioning properly and meets specification requirements.
- 4. Knowledge of computer software programs used to complete equipment planning, acquisition, review, and construction activities, such as Adobe and Microsoft Suite sufficient to prepare correspondence and reports, write equipment specifications, complete purchase requisitions and requests for sale, review purchase specifications and equipment repair records, determine maintenance costs, maintain inventory records of equipment, perform cost benefit analyses, make recommendations, draw schematic illustrations, and ensure the equipment is built as specified.
- 5. Knowledge of environmental regulations as they relate to the inspection, operation, and/or maintenance of a wide variety of equipment, and the agencies that enforce them including the South Coast Air Quality Management District, California Air Resources Board, and the Energy Policy Act sufficient to ensure regulatory compliance when inspecting equipment and determine the impact of new environmental regulations on equipment use, such as transitioning from diesel fuel to electric or CNG vehicles.

**33. INTERPERSONAL SKILLS** – Interacts effectively and courteously with others.

# Level of Competency Required by Job:

# Level 1: Interact with members of the workgroup, supervision, and/or the public in a cordial, service-oriented manner.

Level 2: Interact across department lines and with appointed City officials, and/or members of the public, at times under adversarial circumstances, in a cordial, respectful manner.

Level 3: Interact with appointed and elected City officials, department heads, representatives of external organizations, and/or the media in a cordial, effective manner.

# **Examples of Behavioral Indicators:**

- Works well with others toward mutual objectives.
- Does <u>not</u> arouse hostility in others.
- "Disagrees without being disagreeable."
- Elicits acceptance/cooperation from others.
- Affords all individuals respect, regardless of their role or status.
- Effectively addresses concerns of politicians or others who may have their "own agenda."

#### Performance Levels:

# <u>Satisfactory</u> <u>Superior</u>

Facilitates positive interpersonal relations within/among workgroups and toward members of the public. Adept at finding similarities and grounds for cooperation/mutual benefit.

# **47. WRITTEN COMMUNICATION** – Communicates effectively in writing.

## <u>Level of Competency Required by Job</u>:

Level 1: Write notes/e-mails. Completes forms with some open-ended

responses (sentences).

Level 2: Write letters, articles/reports, and/or detailed descriptions of activities/occurrences.

Level 3: Write lengthy reports, instruction manuals, in-depth analyses/

reviews of complex issues and/or articles for publication. Reviews

the written work of others.

# **Examples of Behavioral Indicators:**

- Writing includes the necessary information to convey the intended message.
- Sufficiently few errors in spelling, punctuation, grammar to <u>not</u> interfere with the intended message or distract the reader.
- Little editing or re-writing needed to produce a final product.
- Composes materials efficiently.
- Information is presented in a well organized manner.
- Tone and degree of formality are appropriate to the purpose and audience.

#### Performance Levels:

#### Satisfactory

Writes material that clearly communicates the necessary information; needs little editing.

#### Superior

Precisely uses words and organizes information in a way that enhances presentation of the message. Virtually no editing needed.

# **48. SHARES KNOWLEDGE AND INFORMATION** – Conveys all information relevant to each involved party in a thorough and timely manner.

# Level of Competency Required by Job:

# <u>Level 1: Provide job-related information as it becomes available to others who are likely to need it or to whom it might be helpful.</u>

Level 2: Keep all involved parties informed of work/project progress and other new information. Tailors content, level of detail, and timing of information provided to the perspective of each recipient

Level 3: Recognize different needs for different information and provide all affected parties with a description of the "big picture" as well as the breadth and detail of information relevant to their perspective.

# **Examples of Behavioral Indicators:**

- Provides thorough explanations with all relevant details.
- Uses multiple means of communicating (e.g., e-mail, telephone, meetings).
- Provides status reports of work/project progress to all involved parties.
- Informs others of changes at the earliest feasible time.
- Uses multiple addressees and "copies" others so all parties see exactly the same information and know who already has been informed.
- Draws from job knowledge and work experience to provide thorough descriptions and explanations.

#### Performance Levels:

# <u>Satisfactory</u>

Readily communicates new, jobrelated information to all employees to whom it is relevant. Provides a level of detail and explanation appropriate to the recipient.

# <u>Superior</u>

Ensures that all involved parties are provided the maximum amount of information feasible in as timely a manner as possible to facilitate work/project status. Shares job knowledge and experience to serve as a mentor or coach to others.
