COMPETENCY MODEL FOR MECHANICAL REPAIR GENERAL SUPERVISOR (2021) CLASS CODE 3731

The following competencies have been identified as those that best separate superior from satisfactory job performance in the class of **MECHANICAL REPAIR GENERAL SUPERVISOR**. (Numbers refer to the order of competencies in the Competency Bank.)

- 3. Judgment and Decision Making
- 8. Safety Focus
- 20. Job Knowledge
- 22. Computer Proficiency
- 28. Supervision
- 42. Resolves Conflict
- 45. Oral Communication
- 47. Written Communication
- 49. Project Management
- 59. Strategic Planning

On the following pages are descriptions of each competency, including a definition, the level of the competency required for the class (italicized, bolded, and underlined), examples of behavioral indicators, and satisfactory and superior performance level.

3. JUDGMENT AND DECISION MAKING - Accurately assesses situations, seeks new information if necessary, and applies all available information to reach sound conclusions/formulate effective response.

Level of Competency Required by Job:

Level 1: Training and guidelines needed to respond to immediate

situations within very specific function are provided (or

supervisor available to assist).

Level 2: General information and guidance to assist in responding

to a variety of situations across a range of circumstances

are provided.

Level 3: Little guidance available for responding to a wide range of

> complex situations with far-reaching and/or

consequences.

Examples of Behavioral Indicators:

- Effectively responds to atypical situations.
- Asks questions or otherwise obtains additional relevant information to make a decision.
- Formulates a decision and necessary actions based on available facts.
- Correctly infers appropriate response based on information provided and existing policies, personal experience, and/or consultation with others.
- Discusses conclusions/possible responses with others before taking action as
- Considers impact of decisions on all affected parties.

Performance Levels:

Satisfactory Superior

situations reaches and conclusions for actions needed. Obtains action. others as necessary.

Correctly assesses routine and unusual Evaluates new situations accurately to appropriate establish an appropriate response or plan of Recognizes the impact on all additional information and/or consults with affected parties, as well as the possible ramifications and/or repercussions setting a precedent.

8. SAFETY FOCUS – Performs work in a way that minimizes risk of injury to self or others.

Level of Competency Required by Job:

Level 1: Maintain awareness of unsafe conditions and actions to avoid injury.

Level 2: Follow safety rules/procedures; avoid known hazards in the work environment.

Level 3: Carefully follow safety rules and procedures and consistently use all necessary safety equipment.

Examples of Behavioral Indicators:

- Wears seat belt.
- Ensures safe physical work environment by taking actions such as eliminating unstable stacks of materials, closing drawers so filing cabinets will not tip over, and keeping pathways clear of tripping hazards.
- Reviews safety procedures before beginning each job with known hazards.
- Follows safety procedures while performing work even when it takes more time
- Uses safety equipment such as goggles, gloves, and earplugs as required or warranted.
- Frequently checks safety equipment for proper condition and operation.

Performance Levels:

<u>Satisfactory</u> <u>Superior</u>

Maintains awareness of personal safety to avoid injury or property damage during all work activities.

"Safety first." Places avoidance of injury or property damage above all other job requirements. Mentions the need to follow safe work practices to co-workers. Actively seeks ways to avoid injury.

Safety Focus Areas

- 1. Knowledge of shop and field safety practices related to mechanical building repair work, as determined by Cal/OSHA and Department standards, sufficient to ensure the safety of oneself and others.
- 2. Knowledge of operating requirements of transportation and construction equipment, such as proper equipment operation and regulatory mandates, sufficient to ensure the safety of staff and others, to prevent equipment and property damage, and to ensure that equipment is in compliance with current regulatory standards.

20. JOB KNOWLEDGE – Knows information required to perform a specific job. Includes both widely available courses of study (for example, chemistry, human resources management, graphic arts) and City-specific information (parking regulation and ticketing practices; purchasing procedures; provisions of the City Charter).

Level of Competency Required by Job:

Level 1: Knowledge is concrete, factual, and/or procedural and

may be defined by the organization. Situations in which it

is applied are quite consistent.

Level 2: Knowledge is substantive and may be defined by an

external trade, field, or profession. Situations in which it is applied vary and, as such, require breadth and

depth of understanding.

Level 3: Knowledge is abstract, conceptual, and/or complex and

may be supported by a well-defined academic discipline or authoritative sources (e.g., laws, ordinances, government guidelines/regulations/ codes). Situations in which it is

applied may vary greatly or be novel.

Examples of Behavioral Indicators:

- Performs work correctly/avoids technical (job content related) errors.
- Answers technical questions about work accurately.
- Asks few technical questions about the performance of routine work activities.
- Offers advice ("coaching") to new employees regarding their work.
- Develops training programs for other employees.
- Sought out as a source of information by others.

Performance Levels:

<u>Satisfactory</u> <u>Superior</u>

Sufficient job knowledge to perform work correctly independently. Answers technical questions about work correctly.

Expertise in technical job information sufficient to serve as a resource to others. May develop training manuals/ programs and/or give internal and/or external presentations related to work.

Job Knowledge Areas

- 1. Knowledge of methods, processes, materials, machinery, tools, and equipment used in the installation, maintenance and repair of construction and transportation equipment, construction facilities, floating marine and marine accessory equipment, boilers, generators, and pumping equipment, water control structures and facilities and related electrical and/or mechanical installations, sufficient to effectively manage the operation, maintenance, and repair of facilities and equipment.
- 2. Knowledge of preventative maintenance programming methods and practices, such as tracking, scheduling, and monitoring equipment use, sufficient to advise staff and ensure the proper function of transportation and construction equipment.
- 3. Knowledge of various sources of information related to operating, maintenance, and repair problems, such as the manufacturer, industry associations, departmental safety groups, and regulatory bodies, sufficient to identify and address maintenance and operating issues.
- 4. Knowledge of mechanical repair methods and techniques used by craftsman trades, including painting, machine shop, electric shop, fleet maintenance, sheet metal, welding, structural steel, pipefitting, boiler work, asbestos work and related shop and fieldwork, sufficient to manage large and multi-faceted projects.

22. COMPUTER PROFICIENCY – Uses computer hardware and software optimally to perform job tasks efficiently and effectively.

Level of Competency Required by Job:

<u>Level 1: Carefully understand and use the function(s) of all necessary</u> computer hardware and software to perform work.

Level 2: Advanced understanding and use of function(s) of all necessary computer hardware and software to perform work.

Level 3: Expert understanding and ability to use all necessary computer hardware and software for the full range of their functions.

Examples of Behavioral Indicators:

- Correctly uses all necessary computer hardware (for example, keyboard, mouse, external storage devices, scanner, printer).
- Correctly and efficiently uses all necessary computer software (for example, wordprocessing, spreadsheet, and databases/analysis programs and specificpurpose programs to perform work.
- Performs work with a minimal number of steps (separate computer operations).
- Uses various means of storing and backing-up work as appropriate to the access requirements (need to share) and sensitivity/security concerns.

Performance Levels:

Satisfactory

Correctly uses all necessary computer hardware and software. Learns to use new hardware and software readily. Does not perform work manually when more efficient means via computer are available.

Superior

Optimally uses all required computer hardware and software. When alternatives exist, selects the best way to perform work on the computer. Coaches others (or provides formal training) in computer use to perform the job.

Technology Application Areas

1. Knowledge of computer management systems, such as the Computerized Maintenance Management System (CMMS) and computer applications, including Microsoft Word and Google Sheets, sufficient to input and review data and monitor the status of work assignments and projects.

- **28. SUPERVISION** Ability to assume direct responsibility for all aspects of the performance of a work group, which requires knowledge and/or ability in the areas of:
- Planning and goal setting
- Creating a safe and positive work environment
- Establishing standards and training employees
- Motivating employees and teambuilding
- Performance Management (assigning, monitoring, facilitating, reviewing and evaluating work, and providing feedback)
- Supporting and developing employees through delegation and participation
- Taking disciplinary action including progressive discipline
- Provisions of employees' MOU's and handling grievances
- Legal requirements including EEO, ADA, FLSA, FMLA, and Workers' Compensation provisions
- Civil Service Commission Rules and Policies related to the management of employees
- Administrative Code provisions related to the management of employees
- Budget processes sufficient to request and justify expenditures in a correct and timely manner

Level of Competency Required by Job:

- Level 1: Supervises small workgroup of employees performing the same or highly related work.
- Level 2: Supervises a larger workgroup of employees performing various types of work.

Level 3: Supervises employees including provision of coaching and advice to subordinate supervisors.

Examples of Behavioral Indicators:

- Plans, assigns, and monitors work progress.
- Trains employees to do work.
- Evaluates work and gives positive and negative feedback.
- Displays knowledge of legal requirements including applicable Federal and State laws, Administrative Code provisions, Civil Service Commission Rules and Policies, and MOU provisions.

Performance Levels:

<u>Satisfactory</u> <u>Superior</u>

Proficiency in supervision sufficient to supervise a workgroup in terms of task orientation, interpersonal concerns, and personnel administration.

Proficiency in supervision sufficient to serve as a resource to others and/or represent department position in a public forum. **42. RESOLVES CONFLICT** – Acknowledges and takes action to eliminate ineffective/disruptive interpersonal relationships.

Level of Competency Required by Job:

Level 1: Recognize that conflict is inappropriate in the workplace; ensure no personal involvement in conflict or promptly seek elimination if such involvement occurs. May try to avert conflict among co- workers or to eliminate it if it occurs.

Level 2: Monitor staff for possible signs of arising conflict and, when noted, immediately intervene to reconcile. Recognize when the differing perspectives of different organizational units become disruptive and address the issues with involved parties or management, as appropriate.

Level 3: Recognize that the purposes/objectives of certain entities are inherently at odds and approach interactions with them with sensitivity and facilitates others' doing so as well. Recognize debilitating nature of conflict the emeraent amona organizational segments and, when noted. immediately intervene to reconcile.

Examples of Behavioral Indicators:

- Recognizes when a conflict is emerging or has emerged.
- Mentions the need to resolve conflict to other involved party(ies).
- Brings together parties in conflict and encourages them to resolve/facilitates resolution.
- Articulates the common objectives of conflicting entities.
- Enlists the participation of conflict resolution specialists when warranted.

Performance Levels:

<u>Satisfactory</u> <u>Superior</u>

Diffuses conflict at work. Uses other means of addressing interpersonal friction, disagreement, or competing goals. Notes and seeks resolve of conflict among others. Recognizes interpersonal, intraorganizational, and internal-external organizational interactions with conflict potential, and seeks to avoid. When signs of emerging conflict noted, immediately takes steps to eliminate. **45. ORAL COMMUNICATION** – Communicates orally in a clear, concise, and effective manner.

<u>Level of Competency Required by Job</u>:

Level 1: Exchange specific, job-related information orally with others in the

immediate work environment or via telephone and/or radio.

Level 2: Obtain/provide/present general and/or job-specific information orally to a variety of others in various situations.

Level 3: Obtain/provide/present a diverse array of information orally at

varying levels of complexity to a wide range of others across many

different situations and circumstances.

Examples of Behavioral Indicators:

Audience clearly understand the intended message.

- Rarely must repeat information in response to guestions.
- Refrains from use of unnecessary words, phrases, or jargon.
- Provides a level of detail appropriate to the situation (avoids too much or too little detail).
- Speaks at a level appropriate to the audience in terms of terminology, sentence structure, and simplicity/complexity of ideas expressed.
- Uses words with precision (vocabulary) to convey exact information.

Performance Levels:

<u>Satisfactory</u> <u>Superior</u>

Speaks clearly and audibly, providing the appropriate information and level of detail. Typically conveys the message on the first attempt. Answers questions accurately and directly.

Speech is direct and to the point. Speaks convincingly and with authority when appropriate. Maintains sensitivity to the audience while providing thorough information with the appropriate level of detail through the use of precise language.

47. WRITTEN COMMUNICATION – Communicates effectively in writing.

Level of Competency Required by Job:

Level 1: Write notes/e-mails. Completes forms with some open-ended

responses (sentences).

<u>Level 2: Write letters, articles/reports, and/or detailed descriptions of activities/occurrences.</u>

Level 3: Write lengthy reports, instruction manuals, in-depth analyses/reviews of complex issues and/or articles for publication. Reviews the written work of others.

Examples of Behavioral Indicators:

- Writing includes the necessary information to convey the intended message.
- Sufficiently few errors in spelling, punctuation, grammar to not interfere with the intended message or distract the reader.
- Little editing or re-writing needed to produce a final product.
- Composes materials efficiently.
- Information is presented in a well organized manner.
- Tone and degree of formality are appropriate to the purpose and audience.

Performance Levels:

<u>Satisfactory</u> <u>Superior</u>

Writes material that clearly communicates the necessary information; needs little editing.

Precisely uses words and organizes information in a way that enhances presentation of the message. Virtually no editing needed.

49. PROJECT MANAGEMENT – Anticipates and plans for all aspects of a multifaceted, discrete endeavor to ensure resources are available and actions are taken at proper times for successful completion.

Level of Competency Required by Job:

Level 1: Plan, coordinate, and oversee accomplishment of multi-step projects involving other employees.

Level 2: Design, plan, coordinate, and manage large, multi-faceted projects involving employees from various segments of the organization representing different perspectives.

Level 3: Design, plan, secure approval and resources, and manages largescale, complex projects involving many employees representing a large number of diverse segments of the organization and perspectives, which may at times be in conflict.

Examples of Behavioral Indicators:

- Establishes project plans that gain management acceptance.
- Establishes realistic timeline and estimates of resources needed.
- Assembles appropriate team with complementary skills to efficiently execute all portions of a project.
- Secures necessary resources for successful project completion.
- Clearly designates roles/responsibilities/accountability.
- Addresses failure to perform or other problems in a timely and effective manner to minimize negative impact.

Performance Levels:

Satisfactory Superior

Establishes acceptable project plan; assembles team with required skills; establishes personal responsibility/ accountability. Ensures the necessary time and resources are available.

Designs efficient project plan to maximize benefits and minimize use of resources. Designates precise mix of people to best accomplish the project. Completes on time, with resources allocated.

59. STRATEGIC PLANNING – Establishes plans in a way that will achieve vision for the future.

Level of Competency Required by Job:

Level 1: Recognizes that no work organization is static, so identifies how an improved organization would function and develops plans to create

such an organization.

Level 2: Considers factors in the external environment, best practices, and internal organizational factors to develop a vision for the future; identifies feasible changes/innovations in support of the vision.

Level 3: Considers social, economic, legal, and political trends and the "big

picture" of the organization to establish a vision for its effective

operation in the world of the future.

Examples of Behavioral Indicators:

- Establishes and keeps up-to-date a "strategic plan."
- Articulates how current trends and anticipated future events are expected to impact the organization.
- Identifies actions the organization can take to accommodate or leverage trends and future events.
- Recognizes that evolution/change will occur, and without an attempt to manage it, that it is unlikely to be in the best interest of the organization.
- Accepts that even when many factors are unknown or their certainty is questionable, that which is known with any degree of certainty can be effectively used to formulate plans.

Performance Levels:

Satisfactory Superior

Considers the future when establishing current day-to-day operational practices. Envisions an improved organization and identifies specific actions to help create it.

Understands that the larger environment in which the organization exists is influenced by and influences organization. **Notwithstanding** uncertainties, formulates a vision and plans to achieve it.
