COMPETENCY MODEL FOR
FINANCIAL MANAGER (1557)

The following competencies have been identified as those that best separate superior from satisfactory job performance in the class of FINANCIAL MANAGER. (Numbers refers to the order of the competencies in the Competency Bank.)

3. Judgment and Decision Making
4. Analytical Ability
20. Job Knowledge
21. Technology Application
28. Supervision
30. Fiscal Management
48. Shares Knowledge and Information
51. Program Responsibility

On the following pages are descriptions of each competency, including a definition, the level of the competency required for the class (bolded), examples of behavioral indicators, and satisfactory and superior performance level.
3. JUDGMENT AND DECISION MAKING – Accurately assesses situations, seeks new information if necessary, and applies all available information to reach sound conclusions/formulate effective response.

Level of Competency Required by Job:

Level 1: Training and guidelines needed to respond to immediate situations within very specific function are provided (or supervisor available to assist).

Level 2: General information and guidance to assist in responding to a variety of situations across a range of circumstances are provided.

Level 3: Little guidance available for responding to a wide range of complex situations with far-reaching and/or enduring consequences.

Examples of Behavioral Indicators:

- Effectively responds to atypical situations.
- Asks questions or otherwise obtains additional relevant information to make a decision.
- Formulates a decision and necessary actions based on available facts.
- Correctly infers appropriate response based on information provided and existing policies, personal experience, and/or consultation with others.
- Discusses conclusions/possible responses with others before taking action as necessary.
- Considers impact of decisions on all affected parties.

Performance Levels:

**Satisfactory**
Correctly assesses routine and unusual situations and reaches appropriate conclusions for actions needed. Obtains additional information and/or consults with others as necessary.

**Superior**
Evaluates new situations accurately to establish an appropriate response or plan of action. Recognizes the impact on all affected parties, as well as the possible ramifications and/or repercussions of setting a precedent.
4. ANALYTICAL ABILITY – Identifies, obtains, and evaluates relevant information to establish relationships or patterns, cite causes, and reach logical conclusions.

Level of Competency Required by Job:

**Level 1:** Recognize similarities/differences in current situation to those previously encountered and is guided accordingly. Apply existing policies correctly. Ask pertinent questions or otherwise seek additional information to formulate appropriate response.

**Level 2:** Consider multiple, varied factors when evaluating a situation or issue. Seek additional information to provide further insight. Reach conclusions that logically follow from the information obtained.

**Level 3:** Consider a multitude of diverse factors, their interrelationships, the perspectives of others, alternative courses of action and their likely ramifications when evaluating information to reach a conclusion.

Examples of Behavioral Indicators:

- Obtains the necessary amount of relevant information.
- Recognizes the impact of each type of information on conclusions.
- Evaluates the quality/source of information when considering it.
- States the shortcomings of the information and, therefore, the analysis.

Performance Levels:

**Satisfactory**
Recognizes available relevant information, seeks additional information to consider, and reaches a conclusion. Provides sound, convincing justification for conclusions, citing relevant data and facts.

**Superior**
Uses a great deal of existing and obtained information and data to develop and evaluate alternatives and arrive at a final conclusion. Provides compelling arguments in support of conclusions.
Analytical Ability Areas

1. Knowledge of the methods used to perform financial and economic feasibility analyses, such as projected debt service coverage, capital asset projection, revenue projection, lease versus buy analysis, and investment rate of return, sufficient to project revenue, expenses, and capital investment of a proposed project.

2. Knowledge of principles and practices of investment analysis, including discounted cash flow techniques and portfolio management analysis, sufficient to ensure funds are invested in a prudent manner with a maximum rate of return.
### 20. JOB KNOWLEDGE – Knows information required to perform a specific job. Includes both widely available courses of study (for example, chemistry, human resources management, graphic arts) and City-specific information (parking regulation and ticketing practices; purchasing procedures; provisions of the City Charter).

#### Level of Competency Required by Job:

- **Level 1:** Knowledge is concrete, factual, and/or procedural and may be defined by the organization. Situations in which it is applied are quite consistent.

- **Level 2:** Knowledge is substantive and may be defined by an external trade, field, or profession. Situations in which it is applied vary and, as such, require breadth and depth of understanding.

- **Level 3:** Knowledge is abstract, conceptual, and/or complex and may be supported by a well-defined academic discipline or authoritative sources (e.g., laws, ordinances, government guidelines/regulations/codes). Situations in which it is applied may vary greatly or be novel.

#### Examples of Behavioral Indicators:

- Performs work correctly/avoids technical (job content related) errors.
- Answers technical questions about work accurately.
- Asks few technical questions about the performance of routine work activities.
- Offers advice (“coaching”) to new employees regarding their work.
- Develops training programs for other employees.
- Sought out as a source of information by others.

#### Performance Levels:

<table>

<tbody>
<tr>
<td>Sufficient job knowledge to perform work correctly independently. Answers technical questions about work correctly.</td>
<td>Expertise in technical job information sufficient to serve as a resource to others. May develop training manuals/ programs and/or give internal and/or external presentations related to work.</td>
</tr>
</tbody>
</table>
Job Knowledge Areas

1. Knowledge of the principles and practices of financial management and planning for government and/or enterprise agencies, such as preparing budget, project allocations, financial impact analysis, cash flow projections, and present value analysis, sufficient to plan and manage the department’s financial status.

2. Knowledge of Generally Accepted Accounting Principles (GAAP), including the pronouncements from Financial Accounting Standards Board (FASB) and Governmental Accounting Standards Board (GASB), sufficient to present financial statements and financial reporting analyses to management and/or stakeholders.

3. Knowledge of the principles and practices of enterprise fund accounting, such as accrual basis of accounting, asset capitalization, standalone financial statements, and revenue recognition, sufficient to assess and evaluate the fiscal health and performance of enterprise departments.

4. Knowledge of the policies and procedures related to the financial administration of City government, such as the rules, regulations, laws, and ordinances found in the City Charter, City Administrative Code, and Municipal Code, sufficient to advise staff on such policies and procedures and ensure compliance with fiscal requirements.

5. Knowledge of auditing requirements in accordance with Generally Accepted Auditing Standards (GAAS), such as substantive auditing tests, transaction and process reperformance, auditor findings, and subsequent corrective action, sufficient to assist in the audit process and respond to audit findings.
21. TECHNOLOGY APPLICATION – Correctly applies technology as required on the job; conceptualizes improvements in work through introducing and/or enhancing use of technology.

Level of Competency Required by Job:

Level 1: Expert in the use of technology required for own job. May identify additional applications for currently used technology to enhance own work and/or work of others.

Level 2: Identify additional technology to be applied to improve own work and/or work of others and/or enhanced use of current technology to improve the operations of an entire function or department.

Level 3: Identify new technology application to improve/enhance work of an entire function, department, or organization.

Examples of Behavioral Indicators:

- Demonstrates mastery of technical applications required for current work.
- Suggests additional applications of existing technology that improve productivity.
- Identifies new technology that can be applied to improve existing operations.
- Provides convincing justification for investment in new technology versus anticipated benefits.
- Presents compelling arguments to justify purchase of existing software (with or without modification) versus in-house development.

Performance Levels:

Satisfactory
Knows and correctly applies current technology as required on the job. Extends use of current technology to improve efficiency of accomplishing additional tasks.

Superior
Recognizes opportunities to apply technology to improve work processes in a function, department, or the entire organization. Identifies and justifies specific technology for specific uses.
Technology Application Area

1. Knowledge of computer applications and software used to gather and analyze financial data, such as business intelligence software and data visualization software, sufficient to identify and forecast fiscal impact on the department.
28. SUPERVISION – Ability to assume direct responsibility for all aspects of the performance of a work group, which requires knowledge and/or ability in the areas of:

- Planning and goal setting
- Creating a safe and positive work environment
- Establishing standards and training employees
- Motivating employees and teambuilding
- Performance Management (assigning, monitoring, facilitating, reviewing and evaluating work, and providing feedback)
- Supporting and developing employees through delegation and participation
- Taking disciplinary action including progressive discipline
- Provisions of employees’ MOU’s and handling grievances
- Legal requirements including EEO, ADA, FLSA, FMLA, and Workers’ Compensation provisions
- Civil Service Commission Rules and Policies related to the management of employees
- Administrative Code provisions related to the management of employees
- Budget processes sufficient to request and justify expenditures in a correct and timely manner

Level of Competency Required by Job:

Level 1: Supervises small workgroup of employees performing the same or highly related work.

Level 2: Supervises a larger workgroup of employees performing various types of work.

**Level 3:** Supervises employees including provision of coaching and advice to subordinate supervisors.

Examples of Behavioral Indicators:

- Plans, assigns, and monitors work progress.
- Trains employees to do work.
- Evaluates work and gives positive and negative feedback.

Performance Levels:

<table>
<thead>
<tr>
<th>Satisfactory</th>
<th>Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td>Proficiency in supervision sufficient to supervise a workgroup in terms of task orientation, interpersonal concerns, and personnel administration.</td>
<td>Proficiency in supervision sufficient to serve as a resource to others and/or represent department position in a public forum.</td>
</tr>
</tbody>
</table>
30. **FISCAL MANAGEMENT** – Develops and justifies budget proposals in a way that garners support; monitors expenditures for compliance; systematically adjusts expenditures when warranted.

**Level of Competency Required by Job:**

**Level 1:** Identify equipment and services with demonstrable cost-effectiveness for improving operations and prepare detailed budget requests that provide ample justification for purchase. Ensure money is spent for intended purpose.

**Level 2:** Identify staffing needs, needs for equipment and services, and other expenditures that are necessary to fulfill the mission of a function or segment of the organization. Provide ample, compelling justification. Ensures that money is spent for intended or highly related purpose.

**Level 3:** **Consider the mission of the entire organization and current priorities in determining which budget proposals to submit. Provide compelling arguments for the proposals submitted that include reference to proposals omitted. Use money for intended purpose unless priorities or other circumstances change.**

**Examples of Behavioral Indicators:**

- Identifies expenditures that will be cost-effective in their contribution to accomplishing work.
- Conducts research to determine the best available option for purchase.
- Tailors justification for budget request to the specific need and current circumstances.
- Uses money for its intended purpose.
- Makes adjustments to expenditures in accordance with price increases, changing priorities, and City policy.

**Performance Levels:**

- **Satisfactory**
  - Recognizes the critical role of the budget process in City functioning. Knows the budget cycle and makes timely submissions for all desired expenditures.

- **Superior**
  - Provides convincing justifications that reflect essential organizational functions, demonstration of cost-effectiveness, and consideration of current political/economic/social climate.
48. SHARES KNOWLEDGE AND INFORMATION – Conveys all information relevant to each involved party in a thorough and timely manner.

Level of Competency Required by Job:

Level 1: Provide job-related information as it becomes available to others who are likely to need it or to whom it might be helpful.

Level 2: Keep all involved parties informed of work/project progress and other new information. Tailors content, level of detail, and timing of information provided to the perspective of each recipient.

Level 3: Recognize different needs for different information and provide all affected parties with a description of the “big picture” as well as the breadth and detail of information relevant to their perspective.

Examples of Behavioral Indicators:

- Provides thorough explanations with all relevant details.
- Uses multiple means of communicating (e.g., e-mail, telephone, meetings).
- Provides status reports of work/project progress to all involved parties.
- Informs others of changes at the earliest feasible time.
- Uses multiple addressees and “copies” others so all parties see exactly the same information and know who already has been informed.
- Draws from job knowledge and work experience to provide thorough descriptions and explanations.

Performance Levels:

Satisfactory

Readily communicates new, job-related information to all employees to whom it is relevant. Provides a level of detail and explanation appropriate to the recipient.

Superior

Ensures that all involved parties are provided the maximum amount of information feasible in as timely a manner as possible to facilitate work/project status. Shares job knowledge and experience to serve as a mentor or coach to others.
51. PROGRAM RESPONSIBILITY – Directs all aspects of an ongoing multi-faceted program/function to ensure resources are continually available and actions are continually taken at proper times to accomplish its objectives.

Level of Competency Required by Job:

Level 1: Plan, coordinate, and direct the operation of a multi-faceted program/function.

**Level 2:** Plan, coordinate, and direct the operation of a large-scale, multi-faceted program/function or several smaller-scale programs/functions.

Level 3: Plan, coordinate, and direct the operation of a very large-scale, multi-faceted program/function or multiple programs/functions.

Examples of Behavioral Indicators:

- Plans and directs the day-to-day and long-range operation of the program(s)/function(s)
- Secures necessary resources for successful performance.
- Clearly designates roles/responsibilities/accountability.
- Monitors the processes and products of the operation to ensure they meet standard; makes adjustments when needed.
- Addresses failure to perform or other problems in a timely and effective manner to minimize negative impact.
- Audits the processes and products of the operation to identify opportunities for improvement.

Performance Levels:

**Satisfactory**
Ensures sufficient staff and resources are available to continually accomplish objectives of the program/function. Directs staff and establishes personal responsibility/accountability.

**Superior**
Continually seeks to improve the program/function to maximize productivity and minimize use of resources.
